

THE LOUADA SALE

OCTOBER 26, 1964

COVER PICTURE — This strong group features some of the best known animals of the breed on pasture at Louada Manor Farms, Peterborough, Ont. The bull is Louada Rothes King by the \$30,000 Louada Bonaparte. The white cow is his dam, Saltoun Rothes Queen 27th. She is the dam of Louada Ringleader, herd sire for Max Cardey (Calif.) and Louada Rothes Prince at W. N. Anderson's (Iowa). The other cows are daughters of Bapton Constructor.

OCTOBER 26, 1964
at the farm near
PETERBOROUGH,
ONTARIO

Bapton Constructor cows
with their
Louada Rothes King calves.

Louis Cadesky

Wilbur Donaldson

Since the first sale in 1955, the Louada sale has been a place where we Shorthorn breeders could meet and renew friendships. It has been our privilege to supply seed stock to breeders from all over the world. We are honored by the interest you display . . . by the knowledge that you feel you have an important stake in what happens here . . . and we shall make every effort never to disappoint you.

Bapton Constructor left Louada . . . and the Shorthorn breed . . . a great foundation on which to build for the future. We are anxious that you arrive early enough to make a thorough study of the cow herd . . . the many direct daughters of Bapton Constructor, many granddaughters, and the other cows, which include the cattle from Bapton.

The herd is in such strength that Louada can spare the kind of females this year that we have never been able to offer before. We are very proud of the bulls, a particularly strong group by Louada Rothes King. We sincerely believe they are the best group we have ever sold and that they have the greatest potential as sires because our program has reached the point we are even more certain of their background. However, it has always been our policy to let the cattle speak for themselves.

It will be a pleasure to welcome you to Louada.

A handwritten signature in dark ink, appearing to read "P. Parker" followed by a stylized flourish or date "1/6".

Of great importance to Louada's future — a group of the replacement heifers, mostly by Louada Rothes King. There are 44 heifers like these from which to select this year's replacements. This is the only reason Louada can spare the kind of foundation cows being sold in this sale.

SALE INFORMATION

TIME AND PLACE . . . Monday, October 26, 1964 at Louada Farms, 20 miles north of Peterboro, approximately 100 miles from Toronto.

TRANSPORTATION . . . From Toronto the Canadian Pacific runs frequent trains. Toronto is reached easily by any means of transportation. If you wish to be met in Toronto we will be happy to do so, but please let us know sufficiently in advance. See page 88 for more detailed information.

HOTEL ACCOMMODATIONS . . . Sale headquarters will be the Rock Haven Motel. You may write them directly telling them you are attending this sale, or write to Wilbur Donaldson, Manager, Louada Farms, R 1, Peterboro, Ont., who will be glad to make reservations for you. Other good motels are the Tops and the Kawartha. All three are excellent and all are located on Highway 28 south of Peterboro. We also recommend The Empress Hotel, Peterboro. Transportation from all these will be provided to and from the farm.

AUCTIONEERS . . . Jock Blacklock, Saskatoon, Sask.; Dick Kane, Wisner, Nebraska.

GUARANTEE . . . All cattle will be sold under the Standard Guarantee endorsed by the American Shorthorn Assn.

HEALTH . . . All cattle will be sold under the laws of Ontario and will comply for entrance to the United States. Official calf-hood vaccination for females is practiced and the herd is Accredited for T.B. and Certified for Brucellosis.

TERMS . . . The terms of this sale are cash. Checks should be handed to the clerk immediately following the auction. Please be sure to have the clerk record your shipping instructions. All announcements at sale time, written or oral, supercede any written material in this catalog.

LIABILITY . . . Louada Farms, its owners or employees accept no liability for accidents that may occur. Accidents at cattle sales are very rare, but all attending must do so at their own risk. The sale manager, auctioneers, and clerks were employed by the owners for specific tasks promotional and clerical and have no connection with the handling of the cattle, the condition of the premises, fulfillment of guarantees, or health papers. The sale of each animal constitutes a contract between the buyer and seller of each lot.

LUNCH . . . A ladies church organization will have lunch available sale day.

FOR FURTHER INFORMATION ON SALE CATTLE. The farm manager or sale manager will give you their critical appraisal of any of the cattle listed in the auction.

MAIL BIDS . . . We hope it will be possible for you to attend this sale. If it is not there are many competent representatives to whom bids may be sent, all of whom will be attending this sale: E. H. Stoltz, Canadian Shorthorn News, Gummer Bldg., Guelph, Ont. C. D. Swaffar, American Shorthorn Assn., 8288 Hascall Street, Omaha, Nebraska.

Don Longley, The Shorthorn World, 16 So. Locust St., Aurora, Ill.
Lyle Eiten, Corn Belt Livestock Journals, Union Stockyards, Chicago, Illinois.

C. K. Tomson, Harding & Harding, Geneva, Illinois.

Al Hamann, Rock Rapids, Iowa.

W. L. Elliott, Secretary, Ontario Shorthorn Club, R 4, Guelph, Ont.
Gene McDonald, The Shorthorn World, 16 So. Locust St., Aurora, Illinois.

Harris Simons, The Shorthorn World, 16 So. Locust St., Aurora, Ill.

H. W. Walker, 3906 East 71st Street, Indianapolis, Ind.

or to any of the auctioneers listed, the owners or employees of Louada.

All these representatives may be reached at the Farm Phone listed above within 24 hours of the sale.

INSURANCE . . . Will be available at the sale.

DELIVERY TO INTERNATIONAL AND ROYAL WINTER FAIR . . . Louada Farms will hold any purchases in this sale free of charge and make free delivery to the International Livestock Show in Chicago or to the Royal Winter Fair, Toronto. Here buyers can usually arrange further group transportation to get their cattle home at minimum cost.

Louada Farms reserves the right to select from the bull offering members for its show string without any further announcement and to keep them until after the International.

PREMIUM ON U.S. DOLLARS . . . The U.S. dollar in Canada is at a premium of about 7% in Canada and this exchange differential more often than not pays the buyer's cost of getting the animal home.

DON LONGLEY, Sale Manager
16 South Locust Street - Aurora, Illinois

Be Sure To Arrive By Sunday

There are some things in life you owe yourself . . . and if you are a Shorthorn cattle enthusiast one such pleasure is the friendship of your fellow breeders from all walks of life . . . from all over the world. Join them this year at Louada.

Sunday — the day before the Louada sale is the day we set aside to enjoy your company. It is filled with the kind of relaxation you enjoy most.

Spend the afternoon roaming the pastures, viewing the herd, stock bulls and sale cattle. Then, join your friends in the evening at the lodge for a buffet dinner.

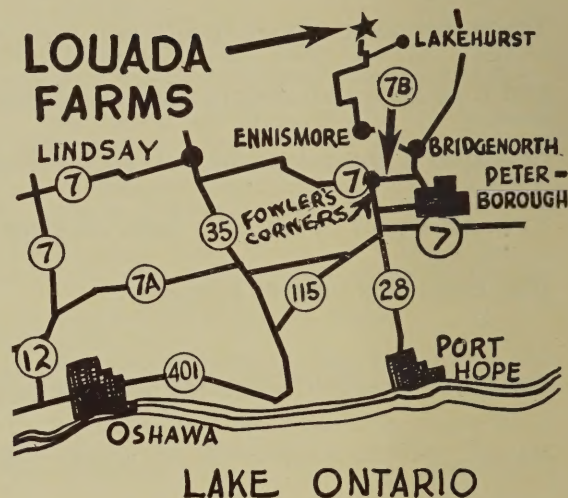

Shown with Louada Rothes King on the Sunday before the 1963 Louada sale are Ben and Francie Zeigler, Hidden Valley Farm, Zelienople, Pennsylvania.

Expressway 401 across Ontario is completed. This means you can drive across Ontario with ease and make good time. Coming from Detroit, go over the bridge (not through the tunnel). West and south of Detroit are fine expressway roads connecting with the Michigan, Ohio, Indiana, and Illinois turnpike systems. From Ohio and farther east study the turnpike systems which lead through the Buffalo and Niagara Falls area. Many of our friends in the Midwest will be able to get on expressways in Illinois and Ohio, for example, and stay on them until they turn north off 401 to Peterborough.

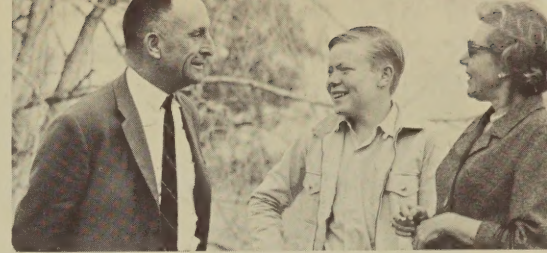

PETERBOROUGH AREA

From junction of 7 and 28 continue north on 7 to Fowler's Corners. Do not take 28 as it goes into Peterborough. From Fowler's Corners go east on 7B about three or four miles to road leading north to Bridgenorth. Then cross Chemong Lake at Bridge-north, follow farm signs through Ennismore and on to Louada Manor Farms.

These maps are crudely drawn and are not meant to replace road maps. We feel they will be helpful, however.

Left, a group viewing heifers, 1962 Louada sale. Sandy Cross, Midnapore, Alberta, above, visits with Mrs. Norman Hogg and son, Ian Hogg. An Indiana group views some of the 1963 entries, and bottom George Richardson, Manitoba, Joe Gossard, Indiana, Les Mathers, Illinois, and George DePape, Manitoba.

To breed stock bulls one must never be satisfied with his herd sire if a better one can be obtained . . . and just as important is the search for great cows. This must be mingled with enthusiasm and forward drive that does not run high one season then wane the next.

No herd has been more aggressive than Louada in surrounding itself with females that could produce stock bulls. None has been more willing to pay the price for a sire. No owner-manager combination has displayed more sustained determination, year-in year-out, than Lou Cadesky and Wib Donaldson. This combined with skill has been responsible for Louada's success.

Louada has produced more sires in service

today than any other Shorthorn herd . . . and there has to be a reason why good cattlemen return here year after year.

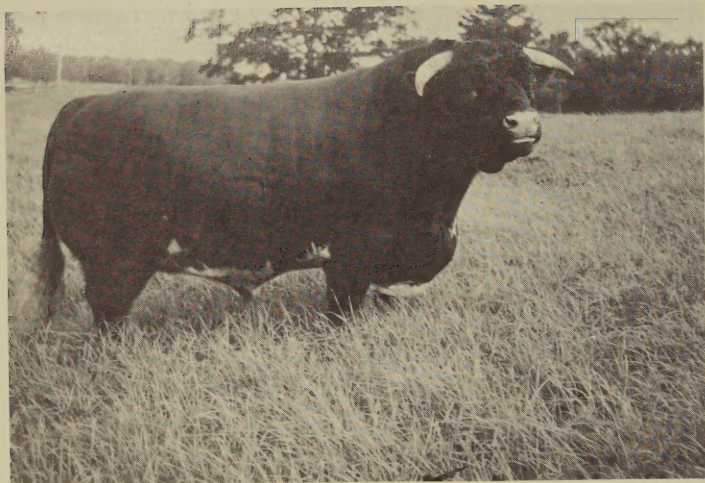

It has been my pleasure to visit Louada several times a year every year for the past decade. Never have I seen the herd as strong. For this reason this year they are able to sell cows they could not even have considered selling even as recently as a year or two ago. These are cows that can put someone else in the business of raising stock bulls.

. . . As for the bulls, this year's sale will feature the Louada Rothes Kings in full strength . . . bulls that are the culmination of Louada's program. Every Louada sale has produced bulls that have made history . . . the 1964 sale has more of these than ever before.

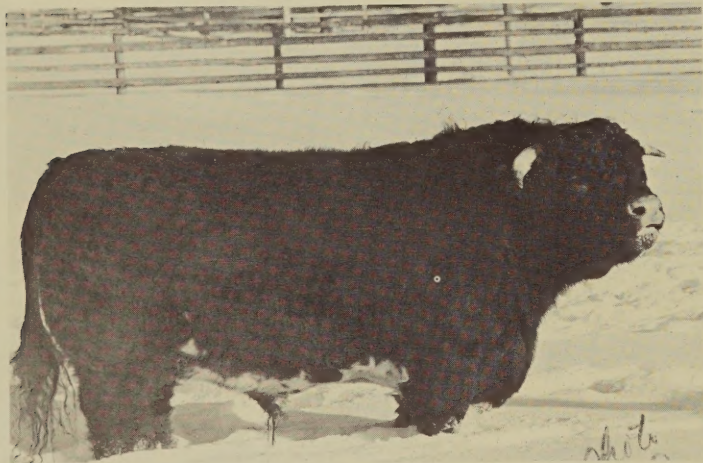

Don Longley

THE SHORTHORN WORLD

Louada Rothes King at 33 months. Amateur snapshot.

Wib Donaldson—on breeding stock bulls

What percent is an outcross? It is just as effective, perhaps more, outcrossing through the female side as through the sire.

A question I am asked nearly every day . . . "after a bull like Bapton Constructor where do you go to follow?" We began asking ourselves that question the day we bought Constructor. Further, should the bull to follow be a complete outcross or should he carry similar bloodlines? Rarely would one find a complete outcross since all our better Shorthorns have common heritage . . . and if a breeder had to have a complete outcross in the second generation obviously he had the wrong bull to start with. The better route is to come on with a bull of related bloodlines, perpetuating the strength of the original line and blending it with other genes in various lines of the pedigree.

Here is where we come to the big fallacy. For years breeders on this continent have considered it ideal to follow a sire with a bull different in bloodlines on the top (sire) side and to make the tie-in through related lines on the dam's side.

It is just as effective . . . perhaps more . . . to keep related bloodlines on the sire's side and to make

Louada

Constructor. On
his dam's side
he was a
Blood Royal.

the outcross through great females. The only problem is that many breeders fail to recognize how much of a concentration they need on the sire's side . . . and how much outcross can be introduced through the female side.

Let us examine, too, the power of a sire and ask ourselves if it isn't better to line-breed to a powerful bull through the top line (sire's side) than to just try to pick up these relationships here and there in the pedigree in a haphazard manner.

For example, Bapton Constructor, powerful as he was, sired some sons that were better individuals and sires than he was himself. These sons in turn sired better bulls than they themselves. If this were not the case, the breed would always have to look backward and never move forward. We believe, for example, Louada Roths King is both the greatest individual and greatest sire ever to set foot on Louada.

Bapton Constructor's own family is filled with powerful females. This is his full sister, Bapton Augusta Genevieve, Reserve Grand Champion, Royal Highland and Great Yorkshire, 1963. She traces to Kirkton Baronet, Calrossie Welcome twice.

Bapton Constructor himself was not produced by a cold outcross. He was bred through skillful mating. Note on page 11 the blending of Calrossie Welcome and Kirkton Baronet on both sides in the third and fourth generations.

Let me ask you a question. If you had a bull as great as Bapton Constructor would you just use him one generation, keep daughters, then scrap the blood by diluting continuously generation after generation? We think not.

Our program is to re-introduce Constructor blood through sons, grandsons, and great-grandsons bringing outcross blood in through the female lines . . . families

we know to be stock bull producers. Study the pedigree of Louada Rothes King on page 11. Through his dam we have the Queen of Rothes family, known for generations as the breed's greatest stock bull producers. His dam's sire, Tolquhon Pole Star, is a full brother to Tolquhon Princess Molly, 1959 Perth supreme champion female, purchased by Calrossie in an effort to raise a stock bull (originally these were the A. J. Marshall Princess Royals). Through King's sire, Louada Bonaparte, we obtain the Millhills Blood Royals, and no family has been greater bull producers at Louada.

Thus, Louada Rothes King, is an outcross bull. He contains only 25% of the blood of Bapton Constructor.

His sons out of Bapton Constructor cows would contain 37% Constructor blood . . . and this is the nick that is giving us many of our most powerful bulls. A son of King out of a Constructor dam used in a herd on granddaughters of Bapton Constructor would produce calves 43% of Constructor blood . . . and in my opinion this would be exactly the right way to perpetuate the influence of this powerful line in any herd.

While Louada Rothas King has just 25% Constructor blood . . . and we would not want him to have any less . . . I have the feeling because we have never properly explained this, many people consider him a Constructor bull. Maybe it's because he is big and powerful and has those best features of Constructor.

Outcrossing for its own sake is often nothing more than a merchandising gimmick . . . we watched a bit of this in Scotland and nothing but disaster resulted. They forgot Calrossie Welcome was an outcross bull himself and best results came from blending Welcome genes in line . . . breeding grandsons to granddaughters and bringing the outcross in through the female sides with Kirkton Baronet and Calrossie Highland Leader by Kirkton Baronet.

However, I do not wish to preclude the use of a bull even further an outcross than Louada Rothas

Calrossie Welcome, an outcross bull, a highly successful sire, badly needed Kirkton Baronet daughters to succeed. This nick produced Calrossie Constellation (sire of Constructor); Calrossie Armada, used at Louada; Calrossie Prefect; Calrossie Highland Piper; Calrossie White Emblem, and other well known sires. When this Baronet-Welcome combination was blended on both sides of the pedigree further improvement was worked.

Kirkton Baronet, a Lawton Field Marshal son, produced daughters that nicked with Calrossie Welcome and also produced sons whose daughters nicked with Welcome. Bapton Constructor resulted from such a blend working from both sides of the pedigree.

King. We will no doubt use King sons out of unrelated females and these would be just 12% Bapton Constructor blood. It is a little hard to imagine finding a stock bull that would carry less. People wondered what I meant a year ago when I said Glamis Benefactor was less of an outcross for us than Louada Rothes King, but if you will study Benefactor's pedigree on page 19 you will note he traces to Welcome four times. Yet, he, not King, was considered the "outcross" bull for us simply because the top line was different.

This does not mean we will never buy a bull of totally different bloodlines . . . and if he shows the potential of being another Bapton Constructor they will have a hard time outbidding Louada . . . and we will welcome the opportunity to bring still another genetic ingredient into the Louada brew. Until then, however, we will move forward by outcrossing through such female lines as the Queen of Rothes, Millhills Blood Royals, etc. We are trying the occasional outcross, but we believe the thinking breeder needs to prove the outcross before he goes on to the job of selling it to others.

Most people understand the problem with the bull produced by an outcross mating. He sometimes has a tendency to breed erratically, big and little, because he is the result of completely different genes. Bapton Constructor himself was no cold outcross, going on **both** the top and bottom side to Kirkton Baronet and Calrossie Welcome two and three times. No breed of livestock would get anywhere with just continuous outcrosses.

Line-breeding has too often received a black eye because of straight half-brother-half-sister matings where just "pretty good" sires were used. Far too often the reason for doing this was simply to avoid buying a new bull — a very unsound reason. The results often ran to fine bone, long legs, bad heads, etc. This is

LOUADA ROTHES KING—The greatest individual and the greatest sire ever to set foot on Louada Farms. He is 25% of the blood of Bapton Constructor. Through the other three facets of his pedigree he brings three of the greatest bull producing families in Shorthorn history . . . the Queen of Rothes . . . the Blood Royals . . . the Tolquhon Princess (descended from A. J. Marshal Princess Royals). We are having great success with Louada Rothes King on Bapton Constructor cows.

entirely different than the man who buys good bulls of the same bloodline with the sincere purpose of breeding good cattle. For example, using three successive bulls by the same sire would result in calves only 7/16 or 43% of that sire's blood.

It goes without saying that line-breeding to something fundamentally weak only results in fine bone, bad heads, and the like. The time to line-breed is when one has a powerful line such as the Constructors . . . and, of course, using the very best of that line. This is really the true test of any bloodline. I can say in all sincerity that in all the intensified matings of Bapton Constructor blood we have never had any indication of structural weakness. Intensification of this blood increases the power. Since bulls leaving here are mated to females of varied families, even where a Constructor bull follows a Constructor bull, the problem is getting enough of the blood rather than too much.

Wil Donaldson

Louada Blood Royal 36th by Bapton Constructor. Typical of the great cows of this tribe that produced Louada Bonaparte, sire of Louada Rothes King. We are selling this cow in this sale, having retained her heifer calf by Louada Rothes King and two full sisters.

Snapshot of
Saltoun Rothes

Rothes King.

Louada Jason. This junior bull calf by Louada Rothes King was the reserve grand champion, 1963 International, six weeks after he was purchased in the Louada sale by Tempel Farms, Wadsworth, Illinois.

Right, four of the first calves by Louada Rothes King, photo taken in June, 1963. Three were sold in the 1963 Louada sale. Left to right: Louada Premium to Frank Collie, Port Hope, Ontario; Louada Defence, retained at Louada as a junior sire; Louada Cupbearer, to A. R. Cross, Rothney Farms, Midnapore, Alberta; and Louada Peerless to John Shuman & Sons, Colomeadow Farms, Byers, Colorado.

1963 Was Just The Start

From the day he was dropped Louada Rothes King looked like a stock bull . . . and every day since has provided additional evidence. He was bred to be a sire—backed by families and individuals we respected and knew could be counted on for performance.

In the 1963 sale we sold seven of his first sons — to provide the public an idea of what lay ahead. Although just junior and senior calves, they averaged \$3,900 but what is more important they went to some of the strongest herds on the continent.

Bapton Constructor cows and
their Louada Rothes King
calves.

1964 . . .

We have been able to select our 1964 bull offering from a full year's crop of Louada Rothes King sons ranging from junior yearlings on down. This of course is a tremendous advantage over last year and is one of the principal reasons that we feel the 1964 offering is the strongest Louada has ever put forward.

GLAMIS BENEFACTOR—One of the most popular bulls ever to win the Perth championship. Undeclared in the major shows of Britain in 1962. He is from the Calrossie Broadhooks family that produced so well for Calrossie and Glamis. A full sister to his dam produced the Perth champion in 1960. We have found good use for this outstanding bull in the Louada herd. Several of his sons and daughters are in this year's sale and many of the females are bred to him. Those who bought his first sons in last year's sale are well pleased with them.

Cruggleton Willingdon.

Cruggleton Perfect.

THE BULLS BEHIND DENEND CONSTELLATION

This impressive son of Bapton Constructor was bred in Scotland and comes from a completely different line of females . . . the Aldsworth Pure Golds. These are great cows, a strain made highly respected by William Garne, Aldsworth. The dam was purchased in the Portyerrock Dispersal.

We challenge anyone to find a bull living today that

has a stronger concentration of three of Scotland's greatest past sires . . . Calrossie Control, Cruggleton Willingdon and Cruggleton Perfect. These bulls appear frequently in the pedigree on the opposite page, but extended a further generation this blood is even more apparent. You can watch with interest the blending of this powerful young bull's blood in the Louada herd.

LOUADA ACHIEVEMENT

Left, Louada Achievement, 1963 International reserve senior champion. This son of Kinellar Royal Robin is owned in partnership with Max Cardey & Sons, Atwater, California.

Kinellar Royal Robin, right, used with success at Louada and now stock bull in the herd of B. Sterling Ambrose, Royalty Farms, Kentucky.

KINELLAR ROYAL ROBIN

LOUADA STANDFAST

Kinellar Royal Robin, a son of Bapton Roan Robin by Bapton Constructor, was out of the great female Kinellar Buttercup 11th by Kinellar Napoleon. This bull was used successfully for several seasons in the Louada herd, we retained a number of his daughters and his influence is seen in this sale offering. He is now doing a grand job in the Royalty herd in Kentucky.

His son, Louada Achievement, is also being used in the herd as breeding privileges were retained when we sold this bull last year to Max Cardey & Sons.

Louada Standfast is another bull to watch and is one of the younger stock bulls coming on at Louada. He is a son of Louada Bonaparte, the sire of Louada Rothes King and is out of the good cow, Saltoun Princess Ruth.

LOUADA DEFENCE—This son of Louada Rothes King has been retained for herd duty. His dam is one of Bapton Constructor's greatest females, Louada Blood Royal 20th, she a full sister to the dam of Louada Bonaparte, sire of Louada Rothes King. Thus, Louada Defence is line-bred to the great cow Blood Royal 33rd. Louada Blood Royal 20th is also the dam of Louada Randolph that is making such a splendid record in the herd of True Buckmaster, Trinity Farms, Portland, Indiana.

LOUADA AIR RAID—A son of Louada Rothés King that has been used heavily here. We are retaining breeding privileges on this bull. Out of the same cow as Louada Achievement, reserve senior champion at the 1963 International; reserve grand champion at the 1963 Royal Winter Fair; also All-American senior yearling. Achievement is now one of the stock bulls in the herd of Max Cardey and Sons in California. The dam of Air Raid is by Constructor and out of Louada Augusta Queen, the all-time high-selling female in Canada at \$5,700, going to K C Shorthorn Farms in our 1959 sale. Louada Augusta Queen is full sister to Louada Fearless, a bull that bred so successfully for The Hickories and later in the herds of Bivin and Mangold in Illinois. Louada Air Raid has all the earmarks of a really great sire.

LOUADA ROYAL STAMP—A bull that has had the earmarks of a top sire from the day he was born. No bull could possess a stronger background. His dam is full sister to Louada Cornerstone, 1959 International reserve champion and used since then in the herd of L. J. Buck in Georgia. Louada Conquest, the top-selling bull of our 1962 sale to Harold Frey in Saskatchewan, is also half-brother to the dam of Royal Stamp. The great granddam of this calf is, of course, our great foundation cow, Blood Royal 33rd, still producing at sixteen years of age. You will note that he has a cross of this cow through his grandsire, Louada Bonaparte. A great young bull, and one from which we must have some use, so we will be retaining breeding privileges.

LOUADA PRIVY SEAL—One of the most popular young bulls we have this year. A strong, rugged calf with great bone and smoothness. Note the breeding behind this calf. This Princess Royal family was one of the best at Cruggleton. Princess Esther was one of the great producing cows in Scotland and kept on producing to a great old age. Louada Privy Seal is out of the same cow as Louada Precision, stock bull for the McIver Brothers in Manitoba.

ALLWOOD PIRATE—A good son of Louada Rothes King from the same family that produced Louada Paragon sold in Louada 1958 sale to B. Hollis Hanson. Louada Princess Colleen, the grand champion of the 1958 International was also of this family.

THE ALLWOOD ENTRIES

Leonard Buck, Allwood Plantation, Thomasville, Georgia, went into the Shorthorn business with the idea of having about twenty cows and every one of them capable of producing a stock bull. He has accomplished this purpose and today Allwood is one of the most select herds the breed has ever known.

Practically all of the Allwood females have been selected from Louada. In 1959 he purchased the International reserve grand champion Louada Cornerstone and two years ago he purchased a half interest in the Louada stock bull, Louada Rothes King. Already a number of top herds are using bulls bred at Allwood . . . Urice Bros., Vinton, Iowa; Lloyd Burr & Sons, Lone Tree, Iowa, and Ray Parks & Son, Butler, South Dakota. The latter purchased Allwood Passport, \$4,250 second top of the 1964 Canadian Bull Sale. Two excellent Allwood sons of Louada Rothes King sell in this sale.

The bull at right is **Allwood Pirate**, Lot 8. The bull at left is **Allwood Planet**, not selling. These bulls were bred in the herd of Leonard Buck, Allwood Plantation, Thomasville, Georgia.

ALLWOOD SNOW KING—A big white son of Louada Rothes King and out of a very good daughter of Kinellar Royal Robin. Anyone who can use a white bull should have a look at this one. From the same family as Louada Command, sold in the 1959 Louada sale to Shagbark Farms in Kentucky.

BEST TEN HEAD, 1964 INTERNATIONAL . . . ALL BULLS

For the first time in history the ten-head award at the International was won by an all bull group. This was the powerful exhibit from Louada and it included six of the first sons of Louada Rothes King from the calf classes. Most of these were bulls that had been sold in

the 1963 Louada sale. This year we have had a full crop of Rothes King bulls from which to make our sale selections and the 1964 bull offering is unquestionably the strongest we have ever put forward.

LOUADA SALUTATION—A young calf but a good one, strong and rugged, from a good line of cows. Calrossie Augusta Astra is the dam of Calrossie Augusta Aileen, a cow that did so well for us. She was the dam of Louada Sensation, used here and then sold to Wm. Barry and Sons of Illinois. She was also the dam of Louada Advocate that has done so well for Frank Scofield in Texas. She is the granddam of Louada Aristocrat and his full brother, Louada Achilles, that have bred well in the herds of Wm. Anderson and Harold Frey respectively.

Reserve grand champion of the 1963 International Livestock Show was Louada Jason. This son of Louada Rothes King was purchased in the 1963 Louada sale by Tempel Farms, Wadsworth, Ill.

A CALF IN THE 1963 SALE

A CHAMPION IN THE INTERNATIONAL AN OUTSTANDING STOCK BULL TODAY!

In the 1963 Louada sale, Tempel Farms selected the junior bull calf, Louada Jason. Six weeks later he went on to become the 1963 International reserve grand champion.

A later view of Louada Jason taken this spring. Note the strong breed character of this young bull. Taken this spring at 16 months of age.

Four of the first calves by Louada Rothes King. Left to right: Louada Premium, sold to Frank Collie, Port Hope, Ontario; Louada Defence, retained as a herd sire; Louada Cupbearer, sold to A. R. Cross, Rothney Farms, Midnapore, Alberta; and Louada Peerless, sold to John Shuman & Sons, Byers, Colorado. This picture was taken in the spring of 1963.

LOUADA STALWART—Another great young prospect from our Blood Royal family. A full brother to Louada Brocade that sold in our 1963 sale to Fenleys in Indiana. Note the breeding of this calf and the line of dams behind him. It would take too much space to list the good bulls produced by the dams in this pedigree. A great calf in his own right.

LOUADA BLOOD ROYAL 36th—A full sister to Louada Bomber, 1958 International grand champion. Also full sister to the dam of Louada Peerless, the top-selling bull of our 1963 sale, to John Shuman. It is very rarely we part with a Blood Royal but we have two full sisters of this cow, also a daughter born in December, 1963 sired by L. Rothes King. A great foundation cow for any herd. Served April 13th to Louada Rothes King. Be sure to see her daughter by the same mating.

Two views of Louada Blood Royal 36th,
the great cow that sells as Lot 16. We are
retaining her white bull calf.

Louada Blood Royal 36th is a full sister to
Louada Bomber and a full sister to the
dam of Louada Peerless. We can sell her
only because we have a daughter and two
full sisters in the herd.

LOUADA ROTHES CANDY—A very good three-year-old by Kinellar Royal Robin now in service at Royalty Farms in Kentucky. Her dam is out of the same cow as Louada Commander used so successfully by True Buckmaster, Indiana and in the Tuscarora herd in Pennsylvania. Kirkton Hercules, the great stock bull used at Bapton a few years ago was also out of the same cow. Rotheres Candy is due to calve November 1st to Bapton Toreador, the bull that topped the Canadian International Bull Sale this year and is now in the Brennan herd in Washington.

Two views of Louada Rothes Candy that
sells as Lot 22.

Louada Rothes Candy is out of a Bapton
Constructor daughter of the famous
Rothes Carlotta, dam of Kirkton Hercules
and Louada Commander.

LOUADA BROADHOOKS BLYTHE—From a good daughter of Uppermill Seafield by Glasel Wellington, one of the herd bulls at Lewisfield Farms, Virginia. Served June 6 to Glamis Benefactor.

BAPTON'S SIX FIRST PRIZE WINNING BULLS, PERTH, 1959.

Left to right, Bapton Calvert, Bapton Benefactor, Bapton Upward Bound, Bapton Southward Bound, Napoleon, Bapton Daily Express. Napoleon was Reserve Supreme and Bapton Daily Express was Supreme Champion.

Bapton Queen Janetta, supreme champion Royal Highland Show, 1963; supreme champion Great Yorkshire Show, 1963. The dam of **Louada Queen Isla**, Lot 24, is a full sister to Bapton Queen Janetta.

In 1962 the entire Bapton herd was purchased by Louada. The Bapton herd in its new quarters at Louada will be in an even stronger position to continue its work of supplying improvers to Shorthorn breeders all over the world.

Bapton Augusta Genevieve, reserve supreme champion Royal Highland, 1963; reserve supreme champion Great Yorkshire Show, 1963. She is a full sister to Bapton Constructor and she is out of the same cow as the dam of Lot 27, **Bapton Augusta Romina**.

Bapton Northward Bound made an outstanding record as a sire at Bapton. Lot 31 is a daughter.

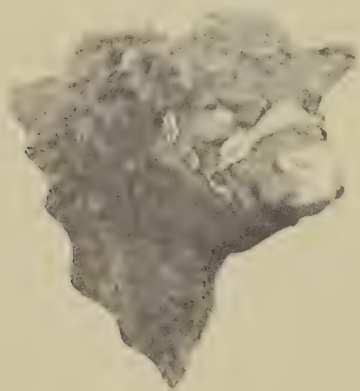

BAPTON ELIZA JUJET—Descended from the famous show cow, Beaufort Eliza Margaret. This cow was champion at the show and sale at Perth in October 1959. This is one of the top cows to come out of Scotland in recent years. Has a grand heifer calf at foot by Glamis Benefactor born September 6.

Clipper King of Bapton x, polled grandson of Calrossie Constellation used at Bapton and sold to Northwood Farms, Cary, Illinois. He is the sire of Lot 32.

Constellation of Bapton x, direct polled son of Calrossie Constellation. He was used at Bapton and sold to Roy Philp, Cloriadale Farms, Port Hope, Ontario. He is the sire of the Sutherland bull, Captivator of Bapton x. He is the sire of Lot 33.

Captivator of Bapton x, the great young Polled Shorthorn bull now in service at Sutherland Farms, Prospect, Kentucky. Lots 32 and 33 are bred to him.

THE BAPTON POLLED SHORTHORNS

The Bapton Polled Shorthorn project founded a decade ago was one of the most sincere and effective efforts in improving this branch of the breed. The same high standards that made Bapton Shorthorns famous the world over were applied to Bapton Polled Shorthorns. Pictured on this page are three of the outstanding Polled Shorthorn stock bulls developed at Bapton and in service in great herds in North America.

SALTOUN ROTHES QUEEN 26TH

SALTOUN ROTHES QUEEN 26th—This cow would be an attraction to any sale, anywhere in the world. From the same great family as Louada Rothés King. Her dam is out of the same cow as the dam of Louada Rothés King. Her first two calves were heifers by Louada Bonaparte and Bapton Constructor and will both stay in the herd. Also we have two maternal sisters of this cow in the herd. Otherwise we could not offer Louada Rothés Queen 26th for sale. Will calve in early October to Glen Cove Climax, champion bull at the International Bull Sale at Brandon last February.

NAEMOOR WATERLOO CHURLISH—A daughter of the Perth champion, Bapton
Controller. Has a red heifer calf at foot by Louada Standfast born August 9. Louada
Standfast is by Louada Bonaparte and out of Saltoun Princess Ruth.

BAPTON CONTROLLER

Bapton Controller was the Supreme Champion at Perth in 1957. He sold at 6,500 gns. to Major R. Moubray for his famous Naemoor Herd where he made a grand record as a sire. Two daughters of this Perth champion sell—Lots 45 and 46, both from the great Naemoor Waterloo family.

GLEN COVE CLIMAX

Glen Cove Climax. Louada purchased this outstanding son of Louada Nugget from Worden Bros. as a calf and used him liberally during the 1963 breeding season. His first calves show great promise. He is the service sire on several of the females in this offering. Glen Cove Climax is shown above winning the grand championship of the 1964 Canadian International Bull Sale, Brandon, Manitoba, where he sold to Harold Wenzel and Ronald Olson of North Dakota.

ARCHWOOD DOROTHY 5th—A good daughter of Scotsdale Homeric and from the famous Edellyn Dorothy family. Has a bull calf at foot by Glamis Benefactor born April 28.

An important inter-breed victory. This pen of steers bred by Josef Winkler & Sons, Castle Rock, Colorado, were the reserve grand champion pen of feeder calves 1964 National Western, Denver, top feeder calf show in the nation. They were sired by sons and grandsons of Bapton Constructor and Calrossie Armada.

B F Rosewood Stella 4th, grand champion female Ohio State Fair 1963 for the Browns of Kentucky. She is a daughter of Louada Regalia.

PARDON OUR PRIDE

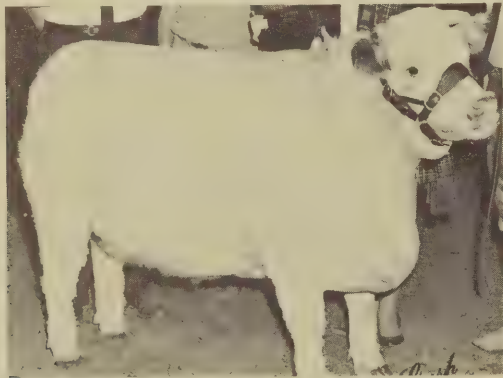

but the big story is . . .

**the way Bapton Constructor sons are
breeding on five continents . . .**

Best pair of bulls 1964 South Dakota State Sale, Lakeview Palatine 29th and Lakeview Palatine 27th which sold for \$1,200. These bulls were bred by Larry Hanson, Columbia, South Dakota, and sired by Louada Palatine, sire of a number of South Dakota champions and top sellers.

Rodney's Generosity, grand champion female 1964 Indiana State Fair for Dave Carriott, Ox Valley Farms, Scottsburg, Indiana. Sire, Louada Rodney.

It doesn't take long
to pay for
a Louada bred
sire through the
premium prices his
calves command.

Remital Marshall, grand champion bull 1963 Edmonton, Alberta, show and sale, sold at a record price for that event of \$2,500 going to William Melnyck & Sons, Chipman, Alberta. A son of Louada Voucher and bred by Louis and Carroll Latimer, Olds, Alta.

Glen Cove Climax, grand champion bull 1964 Canadian International Sale, Brandon, Manitoba. Bred by Worden Bros., Windsor, N.Y. and sired by Louada Nugget. Exhibited by Louada Farms and purchased by Ronald Olson and Harold Wenzel of North Dakota.

Hollis Hanson, Connersville, Indiana, with his first prize get-of-sire 1964 Indiana State Fair. Sire, Louada Landlord.

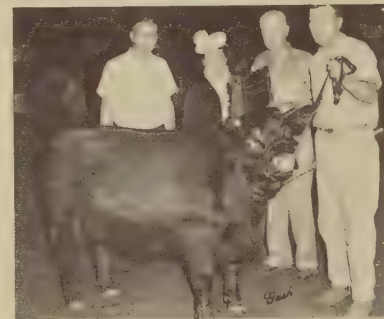

First prize junior get-of-sire 1964 Iowa State Fair for W. N. Anderson, by Louada Aristocrat. Anderson also won the senior get on his get by Louada Nugget.

Right, Kemville Consort, junior champion Manitoba Shorthorn Sale, Brandon, 1964. One of the first five by Louada Brunel (AAA) which achieved a \$1,025 average in that sale, the top average of all breeds for John Esau, Kemnay, Manitoba.

KEMVILLE CONSORT

Wilsons Lavender 7th, grand champion female 1963 Indiana State Fair for Wilsons Farms. Sire, Trinity Constructor 4th by Bapton Constructor.

TRAIN AND PLANE INFORMATION

By air . . . Chicago to Toronto

Trans-Canada Airlines has about eight flights a day — each way — between Chicago and Toronto, leaving from O'Hare Airport.

By air . . . from other points

In the eastern part of the country, there are direct flights to Toronto from New York and Cleveland. Excellent service also from the Canadian West and East.

By rail . . .

You can take a sleeper out of Chicago to Toronto and return the same way. Trains generally leave Chicago about 8 p.m. and arrive in Toronto early morning. The train from Toronto to Chicago leaves about 10 p.m.

By automobile . . .

The present super-highway system makes the drive a good deal easier than ever before. We would like to point out, however, that the cost of a round trip airline ticket from Chicago-Toronto is only about \$55. Rail about the same. Traveling alone it is difficult to beat this by car.

By rail . . . Toronto-Peterborough

There is good service but there are changes in schedules and we shall not attempt to give you times here. If you have traveled to Toronto by train and find that you can make a good connection on to Peterborough, it will probably be best for you to do so because it is a fast train. However, if you are to encounter a long delay, we would prefer that you call the farm (Buckhorn, Ont. A.C. 705 657-8792) and we will arrange to pick you up with others coming from the airport. Coming back from Peterborough to Toronto there are generally trains at times that will enable

you to make your connections, but in the event you cannot find a convenient connection we will see to it you have transportation to Toronto.

Meeting you in Toronto

We will be happy to meet your plane. It is about a two hour drive to the farm. Try to arrive early enough so you won't miss the affair at the farm Sunday afternoon and evening. **Please advise us in advance of your arrival time. Then you should report to the flight information desk Trans-Canada Airlines.** A representative of Louada will be nearby. If you miss connections call the farm at Buckhorn, Ontario, A.C. 705 657-8792.

If you are coming by train, you may find it just as convenient to continue by train from Toronto to Peterborough. However, if this doesn't work out call the farm and we will include you in the cars coming from the airport.

Cars will also be going back to the airport after the sale.

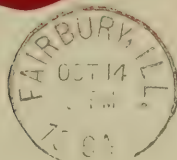

Cars from Peterborough

If you are without transportation upon arriving in Peterborough, contact the farm. On sale day cars will leave from the motel area at approximately 8:30 a.m. and 9:00 a.m.

All train and plane information given here is approximate. Be sure to check with your ticket agent for exact times. Because schedules change we cannot quote exact times.

We urge you NOT to make your connections so close that you arrive in Toronto Monday morning.
